Dear Parents,

National Reconciliation Week, May 27 to June 3, is a time to celebrate and build on the respectful relationships shared by Aboriginal and Torres Strait Islander people and other Australians. The theme for this year is ‘Let’s Talk Recognition’. A special school assembly was held on Monday 27 May to provide an opportunity for our students to celebrate. Music by Gurrumul was played, students performed a musical item, visual arts achievements were acknowledged and a wonderful aboriginal story was shared.

Staff participated in professional learning during this week’s School Development Day. Teachers attended the National Special Education Conference at Brighton Le Sands. The program included keynote addresses by Jason Clarke, Minds at Work, John De La Bosca, National Disability Services and various workshops based on current research and practices in schools. The School Learning Support Officers of Beverley Park, Passfield Park and Mary Brooksbank Schools participated in a professional learning conference here at Beverley Park School. The focus, Making a Difference highlighted their role in schools and the significance their work has in supporting students. Workshops included student engagement and learning, supporting students with sensory impairment and autism. These conferences were opportunities for staff to network and strengthen their knowledge of current research and practice.

Planning is underway for a family movie night to be held early next term. This is a wonderful opportunity for all the family to enjoy a fun night at the movies.

**Assisted School Travel Program**

Parents are reminded that variations for student travel program should be requested 7 days in advanced so this can be processed by the school and the Assisted School Travel Unit.

A change to residential address requires a specific application form to be completed by parents. Do not ask drivers to pick up and drop off students at addresses different from those on their run sheet. All changes are to be authorised by the Assisted Student Transport Unit.

Please give drivers early notification when your child is not attending school.

**Student Permission Notes**

Please check your child’s diary each day for permission notes. Prompt return of these would be appreciated to enable final organisation of community access, sport and leisure activities to occur.

School accounts have been forwarded to parents. Please contact the school office directly if you wish to discuss any matters relating to the invoiced activities and payment options.

**P&C Valued Partnerships**

Thank you to the families and friends who supported the recent fundraising event by selling and buying chocolates. Please ensure the money and / or unsold chocolates are returned to the school by tomorrow.

At Beverley Park School, we are safe, respectful learners.
Primary 1

Zip it, drop it, place it, open it, close it, put it, lift it, carry it, push it, straighten it, touch it, hold it, squash it, blow it, watch it, rip it, pick it, find it, press it, read it, write it, start it, stop it, finish it, colour it, peg it, turn it, draw it, stamp it, cut it, glue it, order it, count it, add it, swipe it, slide it, enter it, cause it, drag it, choose it, ipad it, sign it, say it, copy it, exchange it, PECS it, select it, drink it, eat it, clean it, sweep it, wipe it, model it, throw it, bounce it, catch it, dribble it, kick it, roll it, aim it, score it, high5 it, climb it, slide it, lead it, follow it, strum it, sing it, tap it, beat it, shake it, paint it, lick it, smell it, feel it, hang it, share it, spread it, dab it, mix it, wear it, swim it, paddle it, jump it, float it, ride it, dive it, dip it.
What will we do after lunch?
Ally, Julie, Mechelle

Primary 2

During this semester students in Primary 2 are learning about healthy eating. Peter, on a Wednesday comes into our class and we are reading 'The sandwich that Max made.' He has made laminated bread and sandwich fillings so we can make our sandwiches like Max. We have tried different types of foods including apple, pear, plum, orange, bread, cheese, tomato and banana.
Primary 3

This term the students from P3 are reading dreamtime stories and a variety of other stories told by indigenous people. We thought it would be a wonderful idea to make our own book. This term we decided to call our story 'The Kids that Rock'. Below is a photo from one of our pages. Please encourage your child to talk about the book and their thoughts towards it.

Thank you Leanne and Ash

Secondary 1

You can never have too many cookbooks.
Savoury delights can be expected from the S1 classroom. The students from S1 have been busy designing and producing a class cookbook. The topic of design technology is a mandatory subject for year 7 students. Students are investigating options for the design of a cookbook cover and also a title for our book.

Parents have been asked to forward any special family recipes to be included in our cookbook. Greg and Mark have been taking photos during our cooking sessions to correspond with our recipes. Jaya has been using eye gaze to indicate her favourite colours for displaying our photos. Tofarati uses gestures to indicate his favourite foods. Jayden, Aimee and Laura have been busy cutting and pasting and arranging a suitable format for our designs. We have experienced some very interesting taste tests.

Watch for the release of 'Our Cookbook – A Class above the Rest'.

Danielle, Elva and Vicky

Primary 4

P4 read a series of Big Books about a bear, including "This is the bear and the Picnic Lunch". We followed the sequence of events from the book and packed our own picnic lunch, just like the bear, consisting of vegemite sandwiches, chips and an ‘apple to crunch’. In mathematics we discussed halves and saw that to make halves we need two pieces that are the same size. After we spread our sandwiches with butter and vegemite we cut them into halves. The ‘bear’ couldn’t picnic outside because it rained so Michelle and Peta threw water on our windows to look like rain which meant we had our picnic inside too.
Secondary 2

Students in S2 have been busy this working on their reading skills through various activities and Medias. Students have been engaged in recreating words using scrabble tiles and magnetic letters as well as through the use of the iPad and interactive whiteboard. Students are developing their phonemic awareness with each of the activities with the goal to begin reading texts and develop visual literacy. Each student is developing these skills by working hard, and each student is already showing great progress. Well done.

Secondary 3

Pembroke Park

Tuesdays are fun days for S3 and a couple of our friends, Stanly and Grace from S2. Everyone boards the bus and off we go. The adventure begins! For the past few weeks, we have been collecting man-made and natural items that we found at the park. Kim and Alenka assisted us to make posters of our findings. Photos were taken of the clouds in the sky. We enjoyed the ambience of the sky and on our return we explored cloud formations and their attributes.
**Secondary 4**

This semester the students of S4 have focused their learning around their socialisation skills when using the Ipad to chat with staff and peers. During integration sessions with the students from St. Gregory's College our class have joined in with footy tipping each week. They have engaged in related activities, such as watching highlights from a footy game of the previous week and joining in friendly discussions about the game.

**Secondary 5**

2013 has been an exciting and busy year for S5. The students have worked hard in our class garden and have managed to grow a variety of plants including some very large pumpkins and sweet potatoes. Our pond also is thriving and last week Luke found our first frog!

Students have enjoyed the weekly swimming classes. There have been many races in the pool, aqua aerobics and we have all improved our fitness and swimming skills.

Throughout the semester students have been developing their work skills both in the community and at school. Each Wednesday Joshua, Rachel, Chris, Vincent and Luke work at the Afford factory. Navitesh, Nawid and Sarah are busy with the in school work programs and Conductive Education. Nawid is walking all day assisted by his frame! He is becoming so strong!

S5 continue to enjoy bowling on Friday followed by lunch at the food court in Macarthur Square. Year 12 wear their school Jerseys with pride and work very hard to display good leadership throughout the school.
Teens, Adults, Special Needs & Disability

Not everyone learns to swim at an early age - and not everyone enjoys it but everyone can do both! Our jackets help people of all ages to enjoy the benefits of water. This is a special range of products, for those who need them, to make possible and enhance their time in the pool.

Splash Shorts

- All the benefits of the best selling Happy Nappy
- Vastly minimises the risk of leaks
- Supple fabric for a comfortable fit
- Can be worn discreetly under conventional swimwear
